Career Objective

Enthusiastic Computer Science undergraduate with strong foundations in **programming**, **full-stack development**, and **data analytics**. Seeking internship and entry-level opportunities where I can leverage my skills in **Java**, **Python, React**, **Django**, and **cloud platforms**, along with **data analysis and visualization** techniques, to build scalable solutions and contribute to organizational success.

Education

Parul University — **Vadodara**
*Bachelors of Technology in Computer Science and Engineering, **7.94** CGPA* — ***Sept 2023 - May 2027***

Delhi Public School — **Shikohabad**
*Higher Secondary Education , **75.2** percent* — ***Apr 2021 - Mar 2022***

Delhi Public School — **Shikohabad**
*Secondary Education, **74.6** percent* — ***Apr 2019 - Mar 2020***

Projects

Personal Portfolio Website — **Dec 2025**

- Developed a fully responsive personal portfolio using **React.js**, **Tailwind CSS**, and **Framer Motion** to showcase projects, skills, and achievements with modern UI/UX design principles.
- Implemented smooth animations and optimized performance across devices, ensuring seamless cross-browser compatibility and enhanced user engagement.

Mausam – Weather Forecasting Mobile App — **Aug 2025**

- Built a cross-platform weather application using **Flutter** and **Dart** to provide real-time weather updates based on user location.
- Integrated the **OpenWeather API** to fetch and process JSON data, displaying **temperature**, **humidity**, and **wind speed** through a clean and user-friendly interface.

AI-Powered Learning Assistant App (In Progress) — **Present**

- Developing a full-stack **AI-powered** learning platform using the **MERN** stack to provide personalized learning support and interactive content delivery.
- Designing scalable **backend APIs** with **Node.js** and **Express**, and managing structured data using **MongoDB** to ensure efficient performance and seamless user experience.

Technical Skills

Programming Languages: Java, C, JavaScript, Python, HTML
Web Technologies: CSS, React, Node.js, Django, Flask
Databases and Tools: MongoDB, MySQL, AWS, Microsoft Azure
Course Framework: DBMS, OOPs, DSA, Software Engineering, Operating System, Data Analytics & Visualization, ML

Achievements and Certificates

Competitions: Participated in Vadodara Hackathon 6.0 (2025).
Technical Training: Completed JAVA Project Bootcamp with LetsUpgrade.
Academics: Completed “Introduction to Cyber Security” course with Cisco Networking Academy.
Academics: Earned “AI Fundamentals” certificate from IBM SkillsBuild & Cisco.
Academics: AWS Academy Graduate – AWS Academy Cloud Foundations (20 hours).
Academics: NPTEL (IIT Kharagpur) – Computer Networks & Internet Protocol (Elite).
Academics: Completed Software Engineering Job Simulation – Forage.
Co-curricular: Active member of Errors Web Development Club and Coding Club.

Soft Skills

• Problem Solving • Analytical Thinking • Team collaboration & Communication • Time Management • Adaptability & Quick Learning • Ownership Mindset
